

MKS INSTRUMENTS PHOTON TALK:

Nanosecond, Picosecond and Femtosecond Pulsed Lasers

NOVEMBER 11th
2:00 PM- 2:45 PM

Presenter: Jim Kafka

Jim Kafka is a Fellow of MKS and the CTO for the Lasers business. He has worked at Spectra-Physics for 39 years, and has designed many of the company's ultrafast lasers. In this Photon Talk, he will talk about the time scales involved and the techniques required to make ultrashort optical pulses.

LET YOUR SKILLS AND KNOWLEDGE SHINE IN AN ENVIRONMENT WHERE LEADING EDGE SCIENCE AND ENGINEERING MEET THE SPIRIT OF INVENTION.
